### **Report of Independent Auditors**

To the Board of Trustees
San Diego Humane Society and SPCA

#### **Report on Financial Statements**

We have audited the accompanying financial statements of San Diego Humane Society and SPCA, which comprise the statements of financial position as of June 30, 2020 and 2019, the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of San Diego Humane Society and SPCA as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Note 1 - Nature of Organization and Summary of Significant Accounting Policies

### **Organization and Activities**

The San Diego Humane Society and SPCA ("SDHS"), founded in 1880, is a private, nonprofit corporation that is not affiliated with any other humane society or SPCA. The mission of SDHS is to create a more humane world by inspiring compassion, providing hope, and advancing the welfare of animals and people. SDHS has helped San Diego become the largest city in the U.S. to keep healthy and treatable animals from being euthanized.

SDHS's programs and services include:

- Sheltering and adopting of companion animals at campuses in San Diego, Escondido, and Oceanside, California. On October 4, 2020, SDHS began operating out of an animal shelter in El Cajon, California;
- Investigating animal cruelty and neglect;
- Supplying pet food, supplies, and veterinary service vouchers to low-income elderly, chronically ill, and disabled individuals for the care of their companion animals;
- Rescuing, caring for, and rehabilitating wildlife;
- Providing positive reinforcement behavior modification training for shelter animals and the public;
- Teaching adult and youth education programs;
- Providing municipal field service, sheltering, and stray pet services to the residents of Oceanside, Escondido, San Marcos, Poway, Imperial Beach, Vista, Carlsbad, Del Mar, Encinitas, San Diego, Santee, and Solana Beach, California. On October 4, 2020, SDHS began providing these services to the residents of El Cajon, California;
- Rescuing animals in emergency and hoarding situations;
- Sharing animals through pet-assisted therapy;
- · Administering need-based spay/neuter services for the public; and
- Partnering with rescue groups and other shelters to ensure every healthy and treatable animal in San Diego County receives the care it needs.

### Note 1 - Nature of Organization and Summary of Significant Accounting Policies (continued)

### **Significant Accounting Policies**

**Income taxes** – SDHS is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) and Section 23701d of the California Revenue and Taxation Code, except to the extent of unrelated business taxable income as defined under IRC Sections 511 through 515. SDHS does not have any uncertain income tax positions. SDHS files an exempt organization return in the United States federal jurisdiction and with the Franchise Tax Board in the state of California.

**Method of accounting** – The accompanying financial statements have been prepared on the accrual basis of accounting.

**Financial statement presentation** – SDHS's resources are classified for accounting and reporting purposes into two net asset categories according to the existence or absence of donor-imposed restrictions. Descriptions of the two net asset categories and types of transactions affecting each category follow:

- Net assets without donor restrictions represent expendable funds available for operations that are not
  otherwise limited by donor restrictions. Net assets without donor restrictions may be designated for
  specific purposes by action of the Board of Trustees (the "Board") or may otherwise be limited by
  contractual agreements with outside parties.
- Net assets with donor restrictions consist of contributed funds subject to donor-imposed restrictions
  that are contingent upon specific performance of a future event or a specific passage of time before
  SDHS may spend the funds. Some net assets with donor restrictions are subject to irrevocable donor
  restrictions requiring that the assets be maintained in perpetuity, usually for the purpose of generating
  investment income, net of investment expenses to fund current operations.

**Cash equivalents** – SDHS considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The carrying amount approximates the fair value due to the short maturity.

**Investments** – Investments are stated at fair value. The fair values of all debt and equity securities and mutual funds with a readily determinable fair value are based on quotations obtained from national securities exchanges. Net realized and unrealized gains and losses are reflected as increases or decreases in net assets without donor restrictions, unless their use is restricted by the donor.

**Pooled income funds** – Included in investments are two pooled income funds, which are held and managed by SDHS. During the life of the donors, income from the pooled funds is distributed to the donors based on the number of units each holds. Upon each donor's death, the principal is to be distributed to SDHS. A discount to net present value is recorded as deferred revenue, and the net amount is included in net assets with donor restrictions. At June 30, 2020 and 2019, the discount was approximately \$12,800 and \$38,000, respectively.

### Note 1 - Nature of Organization and Summary of Significant Accounting Policies (continued)

**Receivables** – Receivables represent amounts due to SDHS for services rendered prior to June 30 (Note 5). SDHS does not obtain collateral. There were no receivables considered uncollectible as of June 30, 2020 and 2019.

**Unconditional promises to give** – Unconditional promises to give that are expected to be collected in future years are initially recorded at fair value based on a discounted cash flow model. In future years, the discounts to present value are computed using discount rates established in the years in which the promise was received. Amortization of the discount is included in contributions. There were no unconditional promises to give considered uncollectible as of June 30, 2020 and 2019. Unconditional promises to give are included in receivables in the statements of financial position.

Charitable remainder trusts – SDHS is the beneficiary of a number of charitable remainder trusts which generally provide for the payment of distributions to designated beneficiaries over the term of the trusts (usually the designated beneficiary's lifetime). At the end of the trusts' terms, all or a portion of the remaining assets are to be distributed to SDHS. The assets held in the trusts are managed by donor-designated trustees and are not accessible to SDHS until the end of the trusts' terms. The contributions, which are recorded at their fair values, are calculated using discount rates and applicable mortality tables, and are included in net assets with donor restrictions. The beneficial interests in charitable remainder trusts are included in receivables (unconditional promises to give).

**Property and equipment** – Property and equipment are stated at cost. Donated assets are recorded at fair value at the time of the donation as determined by management or independent appraisal. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets. The estimated useful lives are as follows:

Buildings, building improvements, and land improvements	7 to 39 years
Furniture, fixtures, machinery, and equipment	5 to 10 years
Computer hardware	5 years
Trucks and automobiles	3 to 5 years
Computer software	3 years
Leasehold improvements	6 to 25 years

SDHS capitalizes property and equipment with costs of \$20,000 or greater.

**Impairment of long-lived assets** – SDHS evaluates long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. If the estimated future cash flows (undiscounted and without interest charges) from the use of an asset are less than the carrying value, a write-down would be recorded to reduce the related asset to its estimated fair value. To date, no such write-downs have occurred.

**Beneficial interest in trust** – SDHS is the beneficiary of investments held in an irrevocable trust. The principal and all earnings held in trust are to be paid to SDHS at a later date.

### Note 1 - Nature of Organization and Summary of Significant Accounting Policies (continued)

### **Revenue and Revenue Recognition**

Field services and licensing - SDHS is the animal services provider to numerous cities in San Diego County. These services include field services and licensing. Field services, which include patrolling, enforcing applicable laws, picking up and holding stray and injured animals, and responding to calls, are based on fixed fee contracts which entitle SDHS to payment for its performance to date even if the contracts are cancelled for any reason other than SDHS's nonperformance. Field services provided to the public are considered the performance obligation. As a result, field services revenue is recognized over time as services are rendered over the term of the agreement. The fixed fee contracts stipulate monthly invoicing to the cities for services rendered during that month, up to the date of the invoice. The invoice amount represents the right to payment to SDHS that corresponds directly with the value provided to the city being invoiced. Based on this, Management has adopted the "right-to-invoice" practical expedient to recognize revenue. Licensing revenue is paid by pet owners to SDHS. Issuance of the license is considered the performance obligation. SDHS records licensing revenue at the point in time when the license is issued to the pet owner as SDHS's obligations subsequent to issuance are minimal. License fees are not refundable and not transferable. Also included in licensing revenue are citation, reclaim, and quarantine fees. These revenues are recognized at the time of occurrence, as they are nonrefundable and future obligations by SDHS are minimal. The following table shows the breakdown between Field services and licensing:

	2020	2019
Field services Licensing	\$ 17,307,219 1,849,835	\$ 17,393,502 1,825,894
Total	\$ 19,157,054	\$ 19,219,396

Adoptions, animal care and veterinary health services – SDHS recognizes revenue from adoptions, animal care, and veterinary health services at a point in time when the services have been provided. The service itself is considered the performance obligation. These fees are either nonrefundable or the amount of refunds is minimal.

Education program fees – SDHS's education program revenues include summer camps, humane law academies, animal training, and school programs. The performance obligation of delivering educational services is simultaneously received and consumed by the recipients; therefore, the revenue is recognized ratably over the period in which the program occurs. In most cases, payments are required before the programs start. If the timing difference between receipt of payment and providing of service is significant, revenue is deferred to the applicable period.

*Retail sales* – Revenues derived from retail sales are recognized at the point in time the goods are delivered to the buyer. Returns are minimal and recognized at the time of the refund.

There are no contract assets or liabilities as of June 30, 2020 or 2019.

### Note 1 - Nature of Organization and Summary of Significant Accounting Policies (continued)

Contributions and bequests – Contributions are recognized as support when received or unconditionally pledged or conditions are met, if a conditional contribution. Contributions subject to donor-imposed restrictions for use in a future period or for a specific purpose are reported as with donor restrictions. When a donor restriction expires, net assets with donor restrictions are reclassified to without donor restrictions and reported in the statements of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as contributions without donor restrictions. Bequests are recorded as contributions when SDHS is informed of unconditional rights to the proceeds of the bequest.

Restrictions on gifts of property and equipment or contributions restricted for the purchase of property and equipment expire when the asset is placed in service.

**Special events** – SDHS holds fundraising events throughout the year. Income from sponsorships, the sale of event tickets, and contributions received at the events are recognized when the event occurs.

**Donated services and goods** – SDHS receives donated services from a variety of unpaid volunteers. The volunteers perform a variety of tasks that assist SDHS in the areas of animal care, animal rescue, behavior training, community programs, mobile adoptions, pet-assisted therapy, and events. Volunteers provided approximately 469,000 and 513,000 hours of service to SDHS during the years ended June 30, 2020 and 2019, respectively. For the years ended June 30, 2020 and 2019, management estimates the value of these services to approximate \$14,767,000 and \$15,376,000, respectively. The value of volunteer time is based on the estimated hourly value of volunteer time in California as determined by Independent Sector (independentsector.org). Independent Sector estimates this hourly average based on average annual wages of non-management, non-agricultural workers, as provided by the Bureau of Labor Statistics, increased by 15.7 percent for estimated fringe benefits. No amounts have been recognized in the accompanying statements of activities in accordance with Accounting Standards Codification (ASC) 958-605, *Not-for-Profit Entities: Revenue Recognition*.

SDHS records the fair value of donated supplies, assets, and other goods when those gifts are received under contributions on the statements of activities. During the years ended June 30, 2020 and 2019, respectively, donors contributed approximately \$1,411,000 and \$1,665,000 in supplies, assets, and other goods.

**Advertising costs** – Advertising costs are expensed as incurred.

**Functional allocation of expenses** – Costs of providing various programs and other activities have been summarized on a functional basis in the statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The nature of costs that were allocated include occupancy, utility, security, automotive, information technology, insurance, and employee support expenses. Allocations are based on cost drivers, which include employees per department, square footage, and vehicle usage.

### Note 1 - Nature of Organization and Summary of Significant Accounting Policies (continued)

**Use of estimates** – The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Recently adopted accounting standards – For the year ended June 30, 2020, SDHS adopted the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606) and ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958). These standards replaced existing revenue recognition rules with a comprehensive revenue measurement and recognition standard and expanded disclosure requirements. SDHS adopted ASU 2014-09 using the modified retrospective method applied to all contracts with no impact on revenue recognition.

#### Note 2 - Concentration of Risk

Financial instruments that potentially subject SDHS to risk consist primarily of cash and cash equivalents, investments, and receivables, including charitable remainder trusts.

Cash and cash equivalents – SDHS maintains its cash in bank deposit accounts. Amounts placed with Federal Deposit Insurance Corporation-insured institutions are federally insured up to: (a) \$250,000 for interest-bearing accounts and (b) unlimited for non-interest-bearing accounts (subject to certain restrictions). SDHS has cash and cash equivalents accounts which, at times, exceed the insured amounts. SDHS has not experienced any losses in such accounts.

**Investments** – Investments are exposed to various risks such as interest rate, market, and credit risks. It is at least reasonably possible, given the level of risk associated with investments, that changes in the near term could materially affect the amounts reported in the financial statements. SDHS maintains a diversified portfolio to manage risk.

**Receivables** – Receivables include charitable remainder trusts which are exposed to various risks such as interest rate risks and donor life expectancies. Changes in the near term are not expected to materially affect the amounts reported in the financial statements.

**Revenue** – Of the regular and recurring field service and licensing revenue, approximately 66 percent and 62 percent were related to a contract with the city of San Diego for the years ended June 30, 2020 and 2019, respectively.

Of the total contributions, approximately 22 percent and 9 percent were related to grants from one foundation for the years ended June 30, 2020 and 2019, respectively.

#### Note 3 - Investments

Investments consist of the following at June 30, 2020 and 2019:

	2020		2019	
Cash and cash equivalents	\$	2,434,448	\$	104,906
Common stock		-		843

U.S. government bonds		2,216,264		1,051,834
Total investments	\$	33,468,875	\$	31,474,850

Investment income, net of investment expenses, consists of the following for the years ended June 30, 2020 and 2019:

	 2020	 2019
Interest and dividends, net Net realized and unrealized gains	\$ 654,446 1,155,474	\$ 823,634 835,533
Investment income, net	\$ 1,809,920	\$ 1,659,167

Investing decisions are subject to the guidelines set forth in SDHS's Investment Policy Statement, which is approved by SDHS's Board. The Finance Committee of the Board approves the selection of investment advisors and/or investments and investment allocations and monitors overall portfolio composition to ensure conformity with the Investment Policy Statement.

#### Note 4 - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

**Level 1** – Quoted prices in active markets for identical assets or liabilities;

**Level 2** – Observable inputs other than Level 1 inputs, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and

### Note 4 – Fair Value Measurements (continued)

**Level 3** – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In Note 1, and below, the valuation methodologies used for financial assets measured at fair value on a recurring basis and recognized in the accompanying statements of financial position are described.

When an investment is transferred between levels, the transfer is recognized at the end of the reporting period. During the years ended June 30, 2020 and 2019, there were no transfers between levels.

The Chief Financial Officer (CFO) and Controller, under the supervision of SDHS's Finance Committee of the Board, determine the fair value measurement policies and procedures. These policies and procedures are reassessed at least annually, or as new assets are acquired or pledged, to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

In determining the reasonableness of the methodology, the CFO, in consultation with SDHS's Finance Committee, evaluates a variety of factors including a review of existing agreements, economic conditions, and industry and market developments. Certain unobservable inputs are assessed through review of contract terms (for example: duration or payout data), while others are substantiated utilizing available market data (discount rates and mortality tables).

### Note 4 – Fair Value Measurements (continued)

The following fair value hierarchy table presents information about SDHS's financial assets measured at fair value on a recurring basis as of June 30, 2020:

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Balance as of June 30, 2020

### Note 4 – Fair Value Measurements (continued)

The following fair value hierarchy table presents information about SDHS's financial assets measured at fair value on a recurring basis as of June 30, 2019:

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Balance as of June 30, 2019
Cash and cash equivalents	\$ 104,906	\$ -	\$ -	\$ 104,906

Total	\$ 31,243,156	\$ 1,318,729	\$ 3,716,800	\$ 36,278,685

The pooled income funds are reported at fair value based on net asset value estimates provided by the custodian.

The beneficial interest in trust is reported at fair value based on the value of the underlying assets (marketable securities), which approximates the future anticipated cash flow.

The charitable remainder trusts classified as Level 3 financial instruments are irrevocable charitable remainder trusts, of which SDHS is a beneficiary. The trusts hold assets, including marketable investments and real estate. The fair value of the trusts, and therefore SDHS's interest in the trusts, is estimated annually using actuarial tables, discount rates, and the fair value of the underlying assets. Changes in the fair value of the beneficial interest in charitable remainder trusts for the years ended June 30, 2020 and 2019, as shown in the following table, are the results of changes in these measurement factors.

### Note 4 – Fair Value Measurements (continued)

The table below includes a roll forward of the charitable remainder trusts for the years ended June 30, 2020 and 2019:

BALANCE, July 1, 2018	\$ 3,288,323
Unrealized gain	 428,477
BALANCE, June 30, 2019	3,716,800
Unrealized gain	745,053
BALANCE, June 30, 2020	\$ 4,461,853

The unrealized gain is reflected in the statements of activities as change in value of split-interest agreements.

The table below includes quantitative inputs for charitable remainder trusts as of June 30, 2020:

Asset Description	Fair Value	Valuation Technique	Unobservable Inputs	Range
		Discounted	Discount rates Life	.66% to 1.18% 13.4 to 24.8
Charitable remainder trusts	\$ 4,461,853	cash flow	expectancy	years

#### Note 5 - Receivables

Receivables are due as follows as of June 30, 2020 and 2019:

	2020		 2019

Total	\$	13,133,250	\$ 10,768,842

#### Note 6 – Charitable Gift Annuity

SDHS has entered into 31 charitable gift annuity agreements whereby the donor contributes assets in exchange for SDHS's promise to pay a fixed amount to the donor for the life of the donor. Assets received from donors to establish gift annuities are managed in a pooled account and accounted for individually. The excess of the value of the gift annuity related assets over gift annuity obligations (net assets) is included in net assets with donor restrictions. Gift annuity obligations, recorded as deferred revenue on the statements of financial position, are actuarially determined and represent the present value of future payments to beneficiaries. Gift annuities are managed in compliance with applicable state statutes. The state of California required reserve fund was approximately \$1,473,000 and \$748,000 at June 30, 2020 and 2019, respectively. No payments were made during the years ending June 30, 2020 and 2019. The recorded values at June 30 are as follows:

	2020			2019		
Asset value – cash and fixed income securities	\$	2,449,448	\$	1,153,710		
Annuity payment liability	\$	1,472,581	\$	748,094		

### Note 7 – Property and Equipment

Property and equipment consist of the following at June 30, 2020 and 2019:

	2020	2019
Land and improvements	\$ 3,115,438	\$ 3,115,438
Buildings and improvements	15,941,067	15,941,067
Leasehold improvements	8,262,983	8,262,983
Furniture and fixtures	3,730,864	3,657,642
Trucks and automobiles	1,487,742	1,534,687
Computer hardware and software	683,372	683,372
Machinery and equipment	376,215	376,215
Construction in progress	480,091	
	34,077,772	33,571,404
Less: accumulated depreciation	(13,441,528)	(12,033,872)
Total	\$ 20,636,244	\$ 21,537,532

SDHS sold land, buildings, and improvements located on Sherman Street in San Diego, California, on May 24, 2018, for a total purchase price of approximately \$7,800,000 in cash to a third party. The agreement included a separate leaseback agreement with the third party in order to allow SDHS to fully occupy the property until March 31, 2019. The property was sold at a gain of approximately \$7,094,000, with approximately \$6,250,000 deferred and recognized during the year ending June 30, 2019.

SDHS sold the land, building, and improvements located on Banks Street in San Diego, California, on March 27, 2019, for a total purchase price of approximately \$572,000 in cash to a third party. The property was sold at a gain of approximately \$262,000.

### Note 8 - Commitments and Contingencies

**Leases** – SDHS leases office equipment and certain space with lease terms that expire through March 2027.

Lease payments for the years ended June 30, 2020 and 2019, were approximately \$717,000 and \$683,000, respectively. The following is a summary of future minimum rental payments for operating leases as of June 30, 2020:

Years Ending June 30,	
2021	\$ 744,133
2022	627,822
2023	603,486
2024	619,212
2025	636,603
Thereafter	749,358
Total	\$ 3,980,614

**Escondido land lease** – SDHS leases certain public property located in Escondido from the city of Escondido. The lease term is 20 years commencing July 7, 2014, with an option to renew for an additional five years and a second option to extend another additional five years. Consideration for the lease is \$1 per year until the second option to extend, at which time the annual rent payable during the extension term shall be the market rate. The value of the annual rent payments totaling \$330,000 was recorded as a gift in kind in the 2015 financial statements. The remaining value of the future payments has been included in receivables, net of a present value discount (Note 5). Gift in kind income of approximately \$14,000 was recorded against the present value discount for the years ended June 30, 2020 and 2019.

SDHS has entered into an option agreement with the city of Escondido that grants SDHS the right and option to purchase the property. The term of the option commences July 7, 2014, and remains in effect for as long as the lease remains in effect, including any renewal term and any extension term. The purchase price shall be the fair value of the property on the date the option is exercised.

**Benefit plan** – SDHS has a 403(b) tax-deferred annuity plan (the "Plan"), which covers its employees. SDHS matches up to 5 percent of qualified employees' salaries to the Plan. Employees may make contributions to the Plan up to the maximum amount allowed by the IRC. Total expenses for the years ended June 30, 2020 and 2019, were approximately \$588,000 and \$435,000, respectively.

**Line of credit** – SDHS has a line of credit agreement with First Republic Bank that expires November 22, 2020. The terms of the line of credit include a maximum borrowing limit of \$2,500,000, with a variable interest rate of the prime rate, subject to a minimum interest rate of 4.75 percent. The prime interest rate was 3.25 percent as of June 30, 2020. No amounts are due at June 30, 2020 or 2019.

### Note 8 - Commitments and Contingencies (continued)

**Litigation** – SDHS may be involved in legal matters that arise from time to time in the ordinary course of business. Management and legal counsel do not believe that the resolution of any of these matters would have a material impact on SDHS's financial position or change in net assets.

Risks and uncertainties – On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant impact on the global economy. The value of SDHS's investments will fluctuate in response to changing market conditions, and the amount of losses that could be recognized in subsequent periods, if any, cannot be determined. Animal welfare was determined to be an essential service in the state of California during the COVID-19 outbreak. As such, SDHS continued to provide the core of its services throughout the COVID-19 outbreak while complying with health and safety directives from the various regulatory agencies. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Net assets with donor restrictions requiring that the assets be maintained in perpetuity consist of endowment funds, which are investment assets held by a trustee for the benefit of SDHS (Note 11). In addition to the endowment assets, net assets to be maintained in perpetuity included amounts for a beneficial interest in a trust and land held in perpetuity.

### Note 9 – Net Assets with Donor Restrictions (continued)

At June 30, 2020 and 2019, the beneficial interest in trust held investment assets valued at approximately \$1,100,000 and \$1,087,000, respectively. The change in value during the years ended June 30, 2020 and 2019, is reported as with donor restrictions investment income, net of investment expenses or loss. The trustee distributed \$30,500 and \$12,000 to SDHS in the years ended June 30, 2020 and 2019, respectively. The trustee has no variance power. SDHS does not consider the trust to be an endowment subject to ASC 958-205, as there is an absence of intention to preserve the corpus.

The North Campus on San Luis Rey Road and Jones Road in Oceanside is located on two parcels of land donated in the late 1950s. The land was recorded at a fair value of approximately \$24,000 at the time of the contribution. A condition of the gift includes that the land conveyed shall be used solely for the site of an animal shelter and that SDHS shall forever use the land and the premises solely for the purpose of maintaining an animal shelter. In the event the property is not used solely and perpetually for animal shelter purposes, the land and premises shall revert to the grantor and its heirs, successors, or assigns, while the grantee, its heirs, successors, or assigns shall forfeit all rights thereto.

In 2005, the donor approved the parcel on Jones Road to be developed into a dog park. In addition, the donor and SDHS signed a Memorandum of Understanding on June 1, 2005, for the joint development of the dog park site. Donations related to this development were capitalized as land improvements. As of June 30, 2020 and 2019, this parcel is no longer available to the public as a dog park but is used exclusively by SDHS as part of the animal sheltering services provided on that site.

#### Note 10 - Net Assets Released from Restrictions

Net assets were released from donor restrictions by incurring expenditures that satisfied the following restricted purposes during the years ended June 30, 2020 and 2019:

	2020		 2019
Veterinary interns	\$	100,000	\$ 100,000
Behavior and training		65,750	-

PAWS staffing		-	35,000
Emergency/disaster relief			20,050
Total net assets released from donor restrictions	\$	396,278	\$ 4,498,660

#### Note 11 - Endowment Funds

ASC 958-205, *Not-for-Profit Entities: Presentation of Financial Statements,* requires organizations holding donor-restricted endowments to implement policies and procedures to uphold a standard of prudence relative to accounting practices, investment management, and spending policies.

SDHS implemented a policy requiring the preservation of the fair value of the original gift or corpus as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result, SDHS classifies as net assets with donor restrictions to be maintained in perpetuity the original value of the gifts donated to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions to be maintained in perpetuity is classified as net assets with donor restrictions with purpose or program restrictions until those amounts are appropriated for expenditure in a manner consistent with the standard of prudence.

The Endowment Policy specifies that SDHS's Investment Management Policy with respect to such endowments seeks an appropriate balance among three goals:

- To provide current programs with a predictable and stable stream of income;
- To ensure that the real value (defined as purchasing power) of revenue streams does not decline over the long term; and
- To ensure that the real value of the endowment assets does not decline over the long term.

Distributions seek a proper balance between present and future needs of SDHS. The spending rate is determined as follows:

- Five percent of the total market value of the assets as determined by the average total market value
  on the last business day of each of the eight immediately preceding calendar quarters ("Payout").
   SDHS shall expend no more than the Payout each year. If less than the Payout is expended in any
  one year, SDHS may expend more than the approved Payout in a subsequent year, as long as the
  expenditures do not exceed the approved spending rate on a cumulative basis.
- Income in excess of the spending rate will be reinvested, thereby increasing the endowment.
- Excess Payout may be added back to the Endowment's corpus if the actual expenditures in any given
  year are below the approved spending rate.
- Payout may be temporarily reduced or halted on funds that are more than five percent underwater at the end of SDHS's fiscal year. Underwater is defined as occurring when the market value is less than the corpus.

### Note 11 - Endowment Funds (continued)

Endowment net assets consist of the following at June 30, 2020 and 2019:

	Without Donor Restrictions		With Donor Restrictions		 Total
Endowment net assets, July 1, 2018	\$	2,705,848	\$	3,278,130	\$ 5,983,978
Investment return, net Expenditures		139,155 (115,418)		210,182 (87,365)	349,337 (202,783)
Change in endowment assets	1	23,737		122,817	 146,554
Endowment net assets, June 30, 2019		2,729,585		3,400,947	6,130,532
Contributions Investment return, net Expenditures		- 156,178 (35,287)		86,925 203,397 (99,453)	 86,925 359,575 (134,740)
Change in endowment assets		120,891		190,869	 311,760
Endowment net assets, June 30, 2020	\$	2,850,476	\$	3,591,816	\$ 6,442,292

In September 2006, the Board voted to designate approximately \$1,929,000 in unrestricted investments to fund the capital maintenance of the Gaines Street facility for a period of 20 years. This amount is included in the net assets without donor restrictions above.

SDHS has one term endowment ending in 2021 of approximately \$113,000 at June 30, 2020 and 2019. The term endowment is managed in accordance with the donor's instructions with regard to management of the investments. There were no contributions or restriction releases during the years ended June 30, 2020 and 2019. Since the corpus is not to be held in perpetuity, the term endowment is not included in the table above.

#### Note 12 - Joint Costs

SDHS achieves some of its programmatic and fundraising activities in magazine mailings which include requests for contributions. The costs of conducting the mailings included approximately \$190,000 and \$202,000, respectively, for the years ended June 30, 2020 and 2019, of joint costs that are not directly attributable to either the program or management and general components, or the fundraising components of the activities. Those joint costs were allocated as follows for the years ended June 30, 2020 and 2019:

	2020		 2019
Adoptions and animal care	\$	108,059	\$ 70,666
Marketing and public relations		36,019	60,570
Investigations/field services		26,541	10,095
Fundraising and administration		18,958	40,381
Community outreach			 20,190
Total	\$	189,577	\$ 201,902

### Note 13 - Liquidity and Availability

SDHS operates with a balanced budget and anticipates collecting sufficient cash from its revenue sources (including donor support, municipal animal services, and other operating activities) to cover general expenditures. General expenditures include Program Services and Supporting Services expected to be paid in the subsequent year. Annual operations are defined as activities occurring during SDHS's fiscal year. Refer to the statement of cash flows, which identifies the sources and uses of SDHS's cash for fiscal year ended June 30, 2020.

Donor support includes contributions and promises to give with donor restrictions to be used in accordance with the associated purpose restrictions. SDHS also receives gifts to establish endowments that will exist in perpetuity; the income generated from such endowments is used to fund programs. In addition, SDHS receives support without donor restrictions.

SDHS considers investment income without donor restrictions, appropriated earnings from donor-restricted and board-designated (quasi) endowments, contributions without donor restrictions, and contributions with donor restrictions for use in current programs which are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures.

### Note 13 - Liquidity and Availability (continued)

SDHS regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. SDHS has various sources of liquidity at its disposal, including cash and cash equivalents, marketable debt and equity securities, and a line of credit. See Note 8 for information about SDHS's line of credit. SDHS manages its liquidity and reserves following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs, and maintaining sufficient reserves to provide reasonable assurance that long-term obligations will be discharged.

The table below presents financial assets available for general expenditures within one year at June 30, 2020 and 2019:

	2		 2019
Financial assets at year end		_	
Cash and cash equivalents	\$	1,865,615	\$ 3,573,931

Financial assets available to meet general expenditures within one year	\$	33,605,427	\$ 32,839,488

### Note 14 - Subsequent Events

Subsequent events are events or transactions that occur after the statement of financial position date but before the financial statements are issued. SDHS recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of financial position, including the estimates inherent in the process of preparing the financial statements. SDHS's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of financial position but arose after the statement of financial position date and before the financial statements are available to be issued.

SDHS acquired Fund for Animals Wildlife Center in Ramona, California, from the Humane Society of the United States ("HSUS") effective Sept. 1, 2020. The gift from HSUS includes real property and future cash payments upon the meeting of certain conditions. This transaction occurred; however, the appraisal, which is necessary to determine the value of the assets received, has not yet been completed, and therefore final accounting has not been determined.

SDHS has evaluated subsequent events through November 18, 2020, which is the date the financial statements were available to be issued.
