

Scavenger Hunt

Visit San Diego Humane Society and discover what the animals are doing while waiting for their new homes! See who and what you can spot while you walk through the adoptions building.

You can find any type of animal doing the listed activity (not just the kind pictured in the photo) and cross off the ones you see! For the blank space, write in your own answer to share something else you saw while exploring the shelter.

When you're done, head to the information desk and tell them the name of your favorite animal you saw today to get a sticker or bookmark!
